August 2023

Events Updates

So much happened at Augusta Expo in July! Of course the BIG EVENT was the Augusta County Fair! As we had been seeing, there were a few very hot evenings and some stormy nights, but the Fair went on and saw a great turnout. In addition to the fair itself, the opening events held the Saturday prior appeared to be very successful - the Wine Festival, Motocross, the Jackpot Show, and the Pageant all seemed popular.

Also in July we were the venue for a Wool Pull and two private parties. There's always something happening here at Expo!

Facilities Updates

Work was done to address the drainage problems from heavy rain running through the parking lot into the multi-purpose building. Changes in the landscaping has provided a way for the run-off to be routed around the building. Plus, the roof on the main building has been repaired to seal up some leaking spots.
