Events Updates

Augusta Expo continues to have bookings every week! In October we were excited to have one wedding and five private parties! It is very rewarding to have our facilities used on a regular basis, especially when we are able to offer spaces for our community and those traveling to our community for a special party or event.

October also brought the 71st Fishersville Antiques Expo that Heritage Promotions brings both in the Spring and Fall. It was another great weekend with quality dealers and collectors, antiques, and food!

Other events held in October were The Augusta County Ag Discovery Day, Exoticon Reptile Show, Circus on Ice, and a regional competition with Augusta County Cornhole. Additionally, The Virginia Rural Water Association held a conference and Dominion Energy, training.

November has been busy with another five private parties and several community programs and more! Because of our members and donors, we are able to provide additional support to several community programs that are held here at Augusta Expo, such as the Red Cross Blood Drive held this month. Other events held in November included a Market Animal Show, Lifeline Screening, another regional competition with Augusta County Cornhole, a Hot Tub Sale, and our own Fall 2023 Arts and Craft Show! What a great weekend we had at this year's show. With almost all booth spaces filled, great artists and crafters, good food and wonderful customers and volunteers, it was a big success!

In addition to all of these events, November also brought us folks from Farm Credit needing meeting space and others from Bridge Christian Church needing space for a carpentry-type of workshop to build some pretty amazing props for their upcoming Christmas Pageant.

As the year is coming to a close, we are thankful for those of you who support Augusta Expo whether it is by renting out space, coming to an event held here, or by volunteering your time and/or talents to make this place such that we can continue to bring wholesome family entertainment, educational seminars, and agricultural and livestock activities to the community while stimulating the local economy. Thank You!

Facilities Updates

Have you noticed the new fencing along our new gate to our driveway off of Jericho Road? With the damage done to the driveway as folks used it as a cut-through, new fencing and a gate were necessary to preserve the repairs that had to be done.

Click on our website address in the header for information about upcoming events!

Thank You Volunteers!

We could not do our Arts and Craft Shows without volunteers!! We are ever so grateful for those of you who were there for us at this year's Fall Arts and Craft Show! You provided us with the additional hands needed to assist us in making it another successful show. Thank You All!!
