OCTOBER 2026

Events Update

Augusta Expo saw a full calendar of public, community, and private events in September! Last month saw some long-standing traditions and regular favorites as well as educational functions and new community gatherings.

The Gem, Mineral, and Jewelry Show, Flea Market, and Showmasters Gun Show all held events in our Main Hall. Community events this month included SAW Worlds of Work across our primary building and a Red Cross blood drive in the Annex. Other public events included Valley Card Show and CommUNITY. Four private events, which included business meetings, reunions, and a private convention, took place across our Annex and Multi Purpose buildings.

We love seeing all the different ways people come together in our facility. Our mission is to always be a place of celebration, education, and opportunity.

Gem, Mineral, and Jewelry Show, Sept. 2026

Fall Arts & Craft Show

We can't wait to see you at our 2026 Fall Arts & Craft Show! Our lineup of vendors is packed with new, returning, and long-time artisans and crafters, each with new inventory for you to explore! Save the dates for November 14-15!

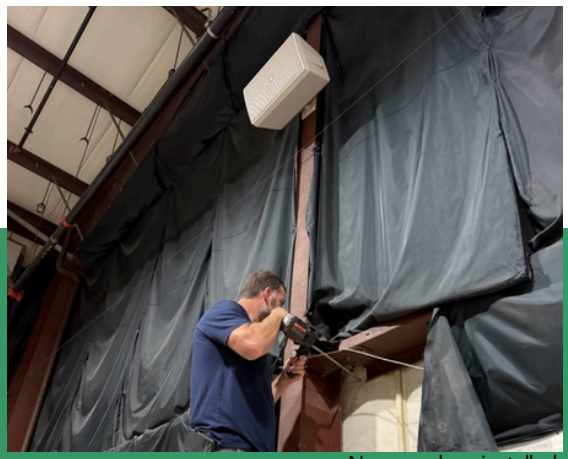

We are looking for volunteers for our full Fall Arts & Craft Show. All vendor spaces are sold out across the three spaces (Main Hall, Addition, and Annex), and we need your help during the event as well as with set-up and clean-up. Email expocraftshow@gmail.com with your interest.

Facilities Updates

Check it out! Our new speakers for our sound system upgrade were installed in September! Keep your ears open at our Fall Arts & Craft Show; you'll notice better quality and simultaneous distribution. We are ecstatic about this enhancement for vendors and attendees!

Coming Up This Month

This October, we look forward to a full calendar of events. Public and community events include the Fishersville Antiques Expo, Charlottesville Roller Derby and Rocktown Rollers, Stampede Rodeo and Bull Riding, and more! Stay tuned by visiting our **Event Calendar** page.

New speakers installed.
